Intercorporate Relationships

The following chart illustrates Postmedia's corporate structure.

GENERAL DEVELOPMENT OF THE BUSINESS

History of the Corporation

The COVID-19 pandemic has resulted in governments worldwide enacting emergency measures to combat the spread of the virus including travel bans, self-imposed quarantine periods and social distancing that have caused disruption to businesses resulting in an economic slowdown. Postmedia is generally exempt from mandates requiring closures of non-essential businesses and therefore has been able to continue operations; however, advertising revenues have declined as a result of COVID-19 pandemic and related government measures. On April 11, 2020, the Government of Canada passed the Canada Emergency Wage Subsidy (“**CEWS**”) to support employers facing financial hardship as measured by certain levels of revenue declines as a result of the COVID-19 pandemic. CEWS currently provides a reimbursement of compensation expense for the 40 week period from March 15 to December 20, 2020 provided the applicant has met the applicable criteria related to revenue declines. The Corporation received CEWS for the period from March 15 to August 29, 2020 in the amount of \$40.3 million, \$13.0 million of which was received following the end of Fiscal 2020 in September 2020. On September 23, 2020, the Government of Canada announced they will extend CEWS to the summer of 2021 with details of the program requirements to follow.

On September 9, 2019, the Corporation completed a refinancing transaction (“**Refinancing Transaction**”) that included the redemption of \$94.8 million aggregate principal amount of Senior Secured Notes due 2021 (“**First-Lien Notes**”) at par, plus accrued interest of \$2.8 million, and terminated the amended and restated indenture dated October 5, 2016 among the Corporation, Postmedia Network Inc. and Computershare Trust Company of Canada (the “**First-Lien Notes Indenture**”). The Corporation financed the redemption through the issuance of \$95.2 million aggregate principal amount of 8.25% Senior Secured Notes due 2023 (“**New First-Lien Notes**”) to Canso Investment Counsel Ltd., in its capacity as portfolio manager for and on behalf of certain accounts that it manages (collectively, “**Canso**”) for net proceeds of \$93.5 million, after financing fees of \$1.7 million. The New First-Lien Notes have substantially similar terms to the First-Lien Notes. In addition, as part of the Refinancing Transaction, the Corporation extended the maturity of its 10.25% Second Lien Secured Notes due 2023 (“**Second-Lien Notes**”) by six months to January 15, 2024.

On June 21, 2019, the federal budget was approved which contained measures specific to the Corporation’s industry including: a journalism tax credit whereby qualifying news organizations may apply for a refundable labour tax credit applied to the salaries of journalists; adding journalism organizations as qualified donees under the Income Tax Act; and offering a tax credit to individuals who subscribe to eligible digital news media. On October 2, 2019, the Government of Quebec announced a similar refundable labour tax credit applied to the salaries of journalists in Quebec provided an entity receives an eligibility certificate issued by Investissement Québec. In December 2019, the Canada Revenue Agency issued the Application for Qualified Canadian Journalism Organization Designation and guidance related to the eligibility, qualifications and determination of the refundable labour tax credit which was further clarified in April 2020. Both the federal and Quebec journalism tax credit legislation include provisions to reduce the qualifying salaries and wages eligible for the credit for other forms of assistance received including CEWS described above. During the years ended August 31, 2020 and 2019, the Corporation recognized a recovery of compensation expense of \$4.5 million and \$7.0 million, respectively, related to the journalism tax credits and received \$0.7 million related to the Quebec journalism tax credit for the year ended August 31, 2019. As at August 31, 2020, the Corporation has an aggregate journalism tax credit receivable of \$10.8 million. Based on our current staffing levels and no other forms of assistance being received, the Corporation expects its per annum gross federal journalism tax credit entitlement to be between \$8 million and \$10 million and the Quebec journalism tax credit to be approximately \$1 million.

On January 29, 2019, the Corporation entered into an agreement with the Colleges of Applied Arts & Technology Pension Plan (the “**CAAT Pension Plan**”), a multi-employer defined benefit plan, to merge the Corporation’s defined benefit pension plans (the “**Postmedia Plans**”), with the CAAT Pension Plan. Effective July 1, 2019, the Corporation received approval from Postmedia Plan members and became a participating employer under the CAAT Pension Plan and all members of the Postmedia Plans, as well as members of the Corporation’s defined contribution pension plan began accruing benefits under the DBplus provisions of the CAAT Pension Plan. DBplus is a defined benefit pension plan with a fixed contribution rate for members, matched dollar for dollar by employers. The merger is subject to consent from the Financial Services Regulatory Authority of Ontario (“**FSRA**”). Contingent on the consent of FSRA to the transfer of assets, the CAAT Pension Plan will assume defined benefit obligations of the Postmedia Plans accrued prior to July 1, 2019. Once this transfer is completed, an additional cash funding obligation of \$10.1 million related to the transferred Postmedia Plans deficits will be payable by the Corporation to the CAAT Pension Plan over a term of ten years. Subsequent to the end of Fiscal 2020, the Corporation received approval from FSRA to transfer the assets from the Postmedia Plans, which was completed on November 9, 2020.

The Corporation continues to identify and undertake cost reduction initiatives in an effort to address revenue decline in the legacy print business. During Fiscal 2020, the Corporation began new cost reduction initiatives with the objective of reducing operating expenses by the end of the fiscal year through a combination of operations efficiencies and restructuring. In addition, during Fiscal 2020 the Corporation implemented additional cost saving measures in response to the COVID-19 pandemic which included the permanent closure of 15 community publications in Manitoba and Ontario. In total, the Corporation implemented net annualized cost savings of approximately \$29 million in Fiscal 2020. During Fiscal 2019, the Corporation continued initiatives that commenced in Fiscal 2018, and included the closure of nine community newspapers, with the overall objective of reducing compensation expense by approximately 10% by the end of Fiscal 2018 through a combination of voluntary buyouts and involuntary terminations. In total, the Corporation implemented net annualized cost savings of approximately \$62 million under the Fiscal 2018 and 2019 cost reduction initiatives.

On December 15, 2018, the Corporation entered into an agreement to extend the term of the senior secured asset-based revolving credit facility (“**ABL Facility**”) to January 18, 2021 with Chatham Asset Management LLC (“**Chatham LLC**”) and certain investment funds or accounts for which Chatham LLC or its affiliates acts as an investment advisor, sub-advisor or manager (collectively, “**Chatham**”), for an aggregate availability of up to \$15.0 million, which may be increased by up to \$10.0 million at the Corporation’s request and with the consent of the lender. The Corporation originally entered into the ABL Facility on January 18, 2017 for a term of two years for an aggregate availability of up to \$15.0 million, which was amended on October 19, 2017 to increase aggregate availability to \$25.0 million. On August 10, 2020, the Corporation entered into an agreement effective October 1, 2020 to extend the term of the ABL Facility to October 1, 2022.

On November 27, 2017, the Corporation entered into an asset purchase agreement (the “**Purchase Agreement**”) with Metroland Media Group Ltd. and Free Daily News Group Inc., both subsidiaries of Torstar Corporation, (collectively, “**Torstar**”) to acquire 22 of Torstar’s community newspapers and two free daily commuter newspapers. In consideration, the Corporation sold 15 of its community newspapers and two free daily commuter newspapers to Torstar (the “**Torstar Transaction**”). The Corporation is continuing to operate one of the community newspapers acquired and closed the remaining properties between November 2017 and January 2018 as they were located in areas serviced by multiple publications. The Torstar Transaction was a non-monetary transaction as there was no cash exchanged. The estimated fair value of the respective properties of the Corporation and Torstar was \$3.5 million. The Competition Bureau is reviewing the Torstar Transaction under the provisions of the *Competition Act* (Canada) and the Corporation is cooperating with the Competition Bureau in connection with its investigation.

OVERVIEW OF THE BUSINESS

General

Postmedia's business consists of news and information gathering and dissemination operations, with products offered in local, regional and major metropolitan markets in Canada through multiple print, online and mobile platforms. Postmedia has the highest weekly print readership of newspapers in Canada, based on Vividata Fall 2020 survey data and is one of the largest news media companies in Canada reaching 19.9 million readers per month through the combination of print and digital platforms. The combination of these distribution platforms provides audiences with a variety of media through which to access and interact with Postmedia's content. The breadth of Postmedia's reach and the diversity of its content enable advertisers to reach their target audiences on a local, regional or national scale through the convenience of a single provider.

Postmedia had a weekly readership of 6.1 million Canadian adults according to the Vividata Fall 2020 survey data. Its daily metropolitan newspaper brands are among the oldest in Canada dating back more than 100 years.

Postmedia has one operating segment, the Newsmedia segment. The Newsmedia segment publishes daily and non-daily newspapers and operates digital media and online assets.

The Corporation owns and operates the National Post, which is one of Canada's two daily national newspapers, 15 daily metropolitan newspapers, 17 daily community newspapers in smaller markets, 73 non-daily community newspapers and non-daily shopping guides, and various specialty publications and newspaper-related publications. Its operations also include Flyer Force, a distribution service for advertising flyers and circulars for third parties.

Postmedia has an extensive portfolio of digital media and online assets. It owns and operates 120+ destination websites that make up the Postmedia digital network, one of Canada's leading online general news and information sources, covering its newspapers' websites, including vertical and classified websites and other online properties.

The Corporation has also developed its mobile network, which includes responsive design websites and mobile applications across various tablet and smartphone platforms. The Corporation's mobile applications include, but are not limited to, applications relating to its newspaper operations.

Postmedia's expertise in content production and digital product development allows for expanded service offerings to Canadian marketers and advertisers. National and local sales teams work collaboratively with clients to develop new programs on and off Postmedia's digital network.

Over the last several years, Postmedia has expanded its digital offerings to mid-sized businesses with a focus on digital marketing services and providing customized, full-service solutions to increase a business' overall revenue including website development, search engine optimization (SEO) and search engine marketing (SEM). Postmedia's sales force leverages a comprehensive suite of advertising opportunities that can help convert a business's web traffic into marketing leads. In addition, Postmedia has developed an in-house programmatic trading desk which provides a real-time bidding solution to help clients target the right audience, at the right time, within a brand safe environment.

Newsmedia Operations

The Corporation publishes 15 daily metropolitan newspapers (nine broadsheets and six tabloids) in 11 markets, a national newspaper, and dozens of local community publications along with newspaper and destination websites. Postmedia's daily metropolitan newspapers are geographically diverse and located in major metropolitan centres across Canada, which provides the Corporation and its advertisers access to target audiences throughout Canada. Postmedia's daily newspapers are well-established in the communities that they serve, several dating back more than 100 years. Postmedia's combination of national reach and local presence makes the Corporation's brands attractive to both national and local advertisers.

Great journalism is at the heart of Postmedia, and its journalists are regularly acknowledged by their peers for their fine work. In Fiscal 2020, that recognition included five wins at the National Newspaper Awards in May, including the prestigious Journalist of the Year award, which went to Randy Richmond of the London Free Press. Andrew Duffy of the Ottawa newsroom received the long feature award at the National Newspaper Awards for an article about an OC Transpo bus crash. Photographers Julie Oliver and Wayne Cuddington, also of the Ottawa newsroom, won for feature photo and breaking news photo, respectively. Richmond also won the local reporting award for a six-part series about misconduct in the London police force. The Canadian Journalism Foundation recognized the work of two newsrooms at its April awards. The London Free Press received the Jackman Award for Excellence in Journalism as a result of its multimedia project Face It, which explored housing, homelessness and addiction. Kim Bolan of Postmedia's Vancouver newsroom was honoured with the Lifetime Achievement Award for her courageous crime reporting. Postmedia teams received 11 awards at the Ontario Newspaper Awards. In addition, two young journalists received the national Goff Penny Prize, which recognizes rising stars in media. Nick Dunne of the Cornwall Standard-Freeholder and Zak Vescera of the Saskatoon StarPhoenix received the awards in June. Underscoring the long relationship with the communities it serves, the Ottawa Citizen was presented by Mayor Jim Watson with the key to Canada's capital city in recognition of its 175-year history with that community.

According to Vividata Fall 2020 survey data, the Corporation has the highest readership among English-language newspapers based on average daily readership. In addition, in nine out of the eleven daily metropolitan newspaper markets in which the Corporation operates, it has the highest readership among English-language paid daily newspapers based on average daily readership.

The National Post, the Corporation's daily national newspaper, provides benefits to the Corporation's overall operations, including the provision of a newspaper with a national audience footprint. A daily print section, 4 to 6 pages in length, of national and international news, commentary and analysis provided by the National Post is included in nine Postmedia newspapers (Vancouver Sun, Calgary Herald, Edmonton Journal, Windsor Star, Montreal Gazette, Regina Leader-Post, Saskatoon StarPhoenix, Ottawa Citizen and London Free Press). This section extends National Post's measurable readership and provides national and local advertising opportunities. In addition, the National Post contributes to the websites of all daily metropolitan newspapers with national, international and business news.

Postmedia seeks to grow its revenue by leveraging its industry leading print brands and strong customer relationships into its expanding digital media and online product offerings. The Corporation's digital media and online operations include the Postmedia digital network, websites for the Corporation's daily and community newspapers and online vertical and classified websites. In addition, Postmedia's digital media and online operations sell advertising on third-party websites. These agreements extend the reach of the Postmedia digital network and increase the Corporation's advertising sales opportunities.

The Postmedia digital network is a comprehensive 24/7 online news, entertainment and information network of content distributed through websites and mobile platforms that leverages the Corporation's content, brands and customer relationships. The Postmedia digital network is one of Canada's leading online general news and information sources that integrates Canadian news and specialty content. The Postmedia digital network hosts the websites and electronic editions of the Corporation's daily and community newspapers as well as other select websites. Being hosted on the Postmedia digital network offers these websites a platform to extend their audience reach and market, as well as to build and reinforce relationships with respect to both advertisers and audiences. The Postmedia digital network has also developed its mobile products and mobile applications across various smartphone platforms. The Postmedia digital network had 15.9 million average monthly unique visitors for the fourth quarter of Fiscal 2020.

Through the Corporation's proprietary content, as well as technology partners and third-party content providers, the Postmedia digital network provides a number of personalized online tools, including internet search and other services. The Postmedia digital network currently provides up-to-date international, national and local news coverage sourced from the Corporation's newspapers and third-party newswire services including text, photos, videos, databases and interactive applications. The licensed content covers a broad range of topics, including sports, entertainment, automotive, recreation and travel from a variety of well-known content providers.

As part of its effort to grow its digital media and online business, Postmedia's newspapers deliver content across multiple platforms including desktop, tablet and mobile devices.

Through expertise in exporting electronic press pages intended for print editions to web-friendly formats, the daily newspapers publish page-by-page ePapers, complete with stories, columns, photos and advertising. The ePapers are available to print subscribers at no cost for broadsheet and tabloid publications. Readers of the ePapers are able to view page layouts, photos and advertisements exactly as they appear in the print edition of the newspaper. The experience is enhanced by a variety of digital features and tools, including search, aimed to ease navigation and add value. For non-print subscribers, users can access a 14-day free trial before subscribing.

Postmedia's print subscribers receive free access to their print newspaper's website via desktop, tablet and mobile devices, each of which provides headlines, breaking news, analysis, commentary and selected stories from the daily newspaper editions. Non-print subscribers can access three stories for free, then register to gain access to four more free stories before being asked to subscribe after consuming seven stories every 30 days, or they can purchase a Digital Access subscription to obtain unlimited online access.

The Corporation's newspapers' websites also serve as customer relationship tools, promoting subscriptions to the print, online and ePaper editions, allowing for the purchase or renewal of newspaper subscriptions, permitting notification of vacation stops and reactivations, and processing of billing inquiries.

Postmedia's digital audience ranked number one for average monthly unique visitors in the newspaper category based on the fourth quarter of Fiscal 2020 in Canada, according to comScore, and these sites reach 50% of all Canadians who visit newspaper websites.

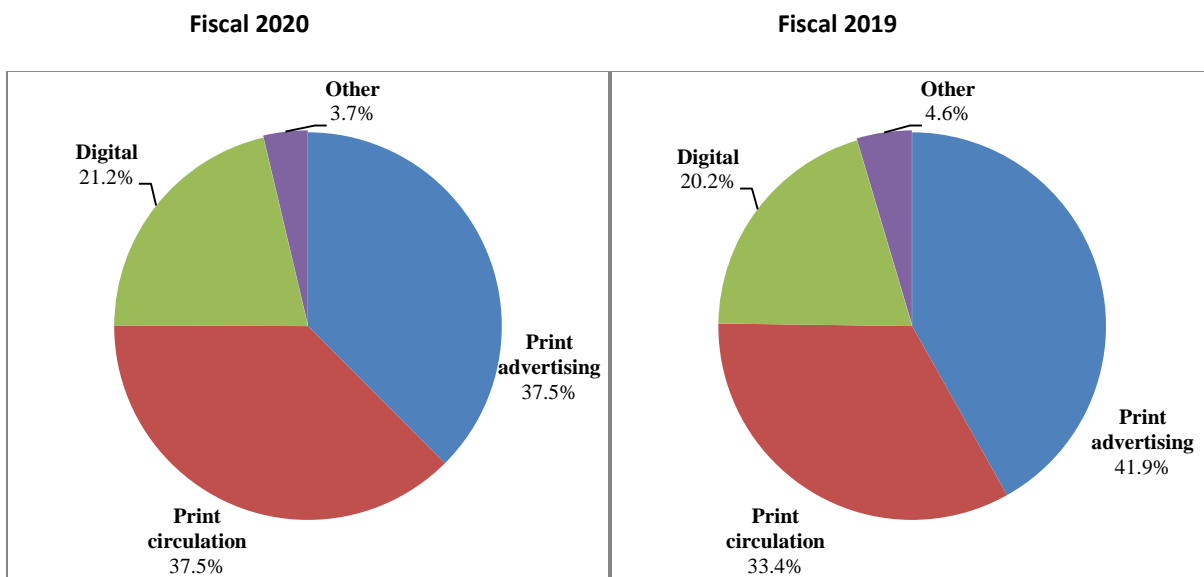

In addition, the Corporation generates revenue through electronic licensing of content and subscriptions for corporate financial data.

The Corporation continues to look to expand revenue streams, including digital marketing services, our in-house programmatic trading desk and content marketing which focuses on content creation, distribution and measurement for brands. In addition, the Corporation has entered into marketing collaboration agreements with advertising partners which provides the Corporation with revenue sharing and equity participation in exchange for media promotional commitments.

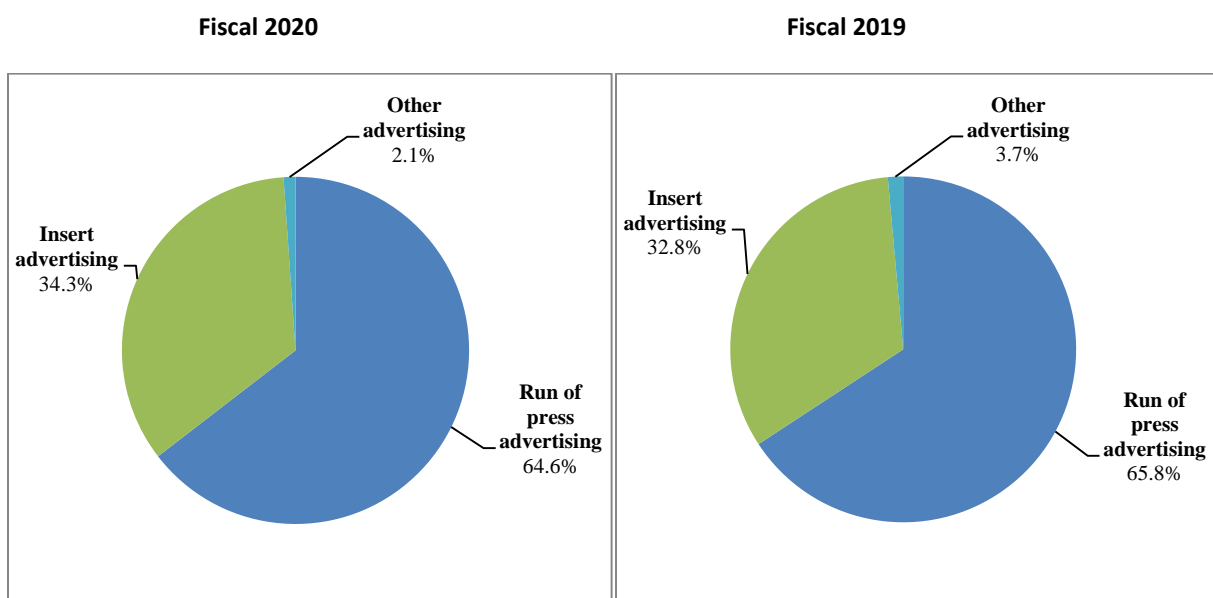

Functional Operations

Sales and Advertising

The following charts provide a breakdown of the Corporation’s revenue for Fiscal 2020 and Fiscal 2019:

The following charts provide a breakdown of the Corporation’s total print advertising revenue for Fiscal 2020 and Fiscal 2019:

The Corporation offers advertisers extensive audience reach through a combination of circulation and readership of its newspapers, ePapers, unique visitors to its websites and various mobile and tablet products.

The Corporation's advertising is sold on a publication-by-publication and regional basis. Each of the Corporation's newspapers has a locally-based sales team that sells advertising for both print and digital, principally to local businesses and organizations and, in certain markets where the Corporation does not have a newspaper digital-only advertising for small and medium sized advertisers. The majority of locally-based advertising relates to automotive, employment and real estate advertisements. The Corporation also uses an outsourced call centre to generate classified sales.

The sale of national advertisements is handled by a national sales group, which employs a dedicated sales team that services the Corporation's group of newspapers and digital properties and provides individual newspapers with advertising sales representation, insertion order processing and invoicing. The national sales group operates through offices in Calgary, Toronto, Montreal and Vancouver, in addition to one contract representative in the United States. National advertising takes the form of advertisements for both print and digital, primarily from large national and multi-region brands and media buying agencies. The major national advertising categories are automotive, food & drug, home and department stores, financial services and technology.

Editorial

Editorial content is generated across the Corporation's digital platforms and publications and Postmedia's infrastructure allows for sharing of its generated content among newspapers in an efficient and cost-effective manner. Generally, editorial policy is developed for each of the Corporation's newspapers by local newsroom management. This leadership ensures that each newspaper is responsive to local issues and meets the editorial needs of its readers. The Corporation's newspapers and digital platforms focus on readers of various ages and demographics and aim to reflect the values and interests of their respective markets. Each of the Corporation's markets has its own editorial staff that is responsible for producing local editorial content for the newspaper and digital platforms, supplemented by certain content that comes from Postmedia's centralized editorial services, other wire services and freelancers.

The Corporation owns or has the rights to use the editorial content that is produced by its employees and freelancers, which allows for sharing of information and editorial content among its various publications. Further, since the Corporation's newspapers operate across a broad geographic spectrum, reporters familiar with local issues can be assigned to cover national events in a particular region. Management believes that sharing of editorial content and expertise allows the Corporation to achieve substantial operating efficiencies compared to other publishers that own a smaller number of publications.

Circulation and Distribution

The Corporation's circulation revenue is generated from subscription revenue (both print and digital), single copy sales made through retailers and vending boxes, and corporate bulk sales. Newspapers are shipped from printing plants to depot drop locations or single copy retail outlets by independent trucking companies in the daily markets. Postmedia's newspaper distribution is carried out primarily by independent distributors and carriers that deliver newspapers to subscribers. These third-party distribution networks enable the Corporation to operate via short-term contracts and reduce supplier concentration issues. Postmedia's non-daily newspapers are generally delivered via Canada Post and independent carriers.

The Corporation benefits from agreements with distributors which provide for the delivery of newspapers from printing facilities to bulk locations, retailers, vending boxes and residential and corporate subscribers. Typically, a newspaper division is party to several distribution agreements, covering different stages of delivery and geographical areas.

In addition to distributing newspapers, Postmedia also offers three types of insert distribution services:

- paid subscriber base—distribution to existing newspaper subscribers;
- extended market coverage—distribution of flyers or other materials to non-subscriber households; and
- total market coverage—both subscriber and non-subscriber households for full coverage to specific areas.

These distribution options allow broader penetration of the Corporation's markets, allowing advertisers to target specific demographic and geographic segments through our 17 community daily newspaper markets, 15 daily metropolitan newspapers and one national newspaper. Extended market coverage and/or total market coverage distribution services are offered in the Corporation's 73 non-daily community newspapers and non-daily shopping guides. In addition, Flyer Force, a distribution service for advertising flyers, distributes insert packages to non-subscribers in Calgary, Edmonton, Ottawa and London, providing extended market coverage for their associated Postmedia newspapers.

The Corporation offers pre-authorized monthly payment programs to its subscribers. These automatic credit card and bank debit payment programs lower the cost of collection and enhance subscriber retention.

Printing

Other than as described in "*Overview of the Business - Outsourced Functions*" below, the Corporation owns all of the manufacturing equipment for its newspapers and other publications, including printing presses and mailroom inserting equipment. In some markets, in order to improve the operating efficiency of its printing presses, the Corporation also uses its printing press capacity to print advertising inserts, flyers and other third-party publications.

Outsourced Functions

As part of Postmedia's ongoing focus on cost containment, various outsourcing initiatives have been implemented. Advertising production at the majority of its newspapers have been outsourced to suppliers in the Philippines and India. Subscriber customer service call centre operations are operated by third-parties in Canada and Jamaica. These subscriber services include answering and handling customer calls, customer service inquiries and complaints. Information technology functions, including service desk, service management, local desk side services and network operations, have been outsourced to a third-party in Canada. Postmedia has also outsourced its centralized classified call centre operations to a third-party in the United States. In addition, printing operations have been outsourced for certain of its specialty publications and newspapers including the Edmonton Journal, the Edmonton Sun, the Calgary Herald, the Calgary Sun, the Montreal Gazette, The Vancouver Sun and The Province, as well as Alberta community newspapers and the National Post in most regions.

Facilities

Postmedia owns 20 properties (inclusive of one that is accounted for as a capital lease) which are either office, production or combined production and office facilities, the largest of which are listed below. All other activities of Postmedia are conducted in leased premises, including the Toronto Head Office.

- 2) These facilities are currently for sale as of the date of this Annual Information Form.
- 3) Subsequent to August 31, 2020, this facility was sold.

Competitive Conditions

The Corporation faces competition in each of its markets as information is now widely disseminated through many media platforms on a local, national and international basis. Participants in the newsmedia industry depend primarily upon advertising sales to generate revenue, while newspaper companies also rely on paid subscriptions and single copy newspaper and digital subscription sales. Competition for advertising, subscribers, readers and distribution is intense and comes primarily from digital media, as well as television; radio; local, regional and national newspapers; magazines; free publications; direct mail; telephone directories; and other communications and advertising and subscriber-based media that operate in these markets.

In recent years there has been a growing shift in advertising dollars from newspaper advertising to other advertising platforms, particularly digital media competitors such as search engines and social media websites. To date, the newsmedia industry has made limited progress in replacing print advertising revenue with digital advertising revenue.

Advertising on digital platforms is evolving rapidly, with technology driving innovations that make digital media a very effective competitor and substitute for advertising in print newspapers. The scope and pace of technological change has entrenched the role of the largest international players – U.S.-based technology companies such as Google, Microsoft, Facebook and Yahoo! – in existing and rapidly expanding forms of digital advertising.

The Corporation's digital competition is not limited to news sites. Digital advertising takes various forms, such as search-engine marketing, display advertising, online classified, online directories, mobile advertising and video advertising.

More and more content and related advertising is being communicated over social networks operated by companies such as Facebook and Twitter. As geo-tagging becomes more sophisticated, the recent increase in advertising on mobile platforms – driven by the adoption and penetration of smartphones and tablets – allows digital advertising to be targeted more locally, making it a more effective substitute for local advertising in daily newspapers.

In addition, there is increasing consolidation in the Canadian newsmedia industry, and competitors include market participants with interests in multiple media. These competitors may be more attractive than Postmedia to certain advertisers because they may be able to bundle advertising sales across newspaper, television and digital media platforms. Some of these competitors also have access to greater financial and other resources than Postmedia does.

In 2020, the Canadian newspaper industry is comprised of 72 paid daily English and French newspapers and five free dailies for a total of 77 daily newspapers as compared to 90 paid daily English and French newspapers and 13 free dailies for a total of 103 daily newspapers in 2015.

According to Vividata Spring 2019 survey data newspapers continue to play an important role in Canada reaching 70% of adults each week across print and digital platforms with 49% of Canadians getting their news from printed newspaper editions. The Canadian daily newspaper industry's revenue was \$1.4 billion in 2019, with 54% of that revenue derived from print, web and mobile advertising and the balance from circulation and other revenue, according to News Media Canada.

Components

Newsprint is the principal raw material used in the production of Postmedia's daily newspapers and other print publications. It is a commodity that is generally subject to price volatility. Newsprint expenses fluctuate due to both changes in volume and changes in price as well as other factors influencing supplier profitability, including fluctuations in raw material and energy costs, and changes in trade agreements and arrangements.

Postmedia's cost of newsprint is influenced by its strong supplier relationships, volume purchasing power, proximity to Canadian paper mills and regional supply arrangements that reduce transportation costs. The Corporation opportunistically enters into newsprint purchase agreements with varying terms of up to six months depending on external factors such as foreign export demand, North American mill capacity, operating rates and inventory.

Intangible Properties

Postmedia uses a number of trademarks, service marks and trade names to identify its products and services. Many of these trademarks are registered by the Corporation in Canada. In addition, the Corporation has legal rights in the unregistered marks arising from their use. Postmedia has taken affirmative legal steps to protect its trademarks, and it believes its trademarks are adequately protected.

The content of Postmedia's newspapers and digital media and online assets are protected by copyright. The Corporation owns copyrights in each of its publications as a whole and in all individual content items created by its employees in the course of their employment, subject to limited exceptions. Postmedia has entered into licensing agreements with wire services, freelancers and other content suppliers on terms that it believes are sufficient to meet the needs of its operations. Postmedia believes that it has taken appropriate and reasonable measures to secure, protect and maintain its rights or obtain agreements from licensees to secure, protect and maintain copyright protection of content produced or distributed by the Corporation.

Postmedia has registered a number of domain names, many of which constitute trademarks, under which it operates websites. As every Internet domain name is unique, its domain names cannot be registered by other entities as long as its registrations are valid.

Postmedia's intellectual property constitutes a significant part of the value of the Corporation. The Corporation relies on the trademark, copyright, internet/domain name and other laws of Canada and other countries, as well as nondisclosure and confidentiality agreements, to protect its intellectual property rights. However, the Corporation may be unable to prevent third-parties from using its intellectual property without its authorization, breaching any nondisclosure agreements with the Corporation, acquiring and maintaining domain names that infringe or otherwise decrease the value of its trademarks and other proprietary rights, or independently developing intellectual property that is similar to the Corporation's, particularly in those countries that do not protect the Corporation's proprietary rights as fully as in Canada.

Third-parties may challenge the validity or scope of Postmedia's intellectual property rights from time to time, and such challenges could result in the limitation or loss of intellectual property rights. Irrespective of their validity, such claims may result in substantial costs and diversion of resources, which could have an adverse effect on the Corporation's operations.

Cycles

Advertisers' budgets tend to be cyclical, reflecting the general economic climate and consumers' buying habits. As a result, Postmedia's revenue has experienced, and is expected to continue to experience, seasonal fluctuations due to advertising patterns and influences on people's media consumption habits. Typically, the Corporation's revenue is lowest during the fourth quarter of its fiscal year, which ends in August, and highest during the first quarter, which ends in November, while expenses are relatively constant throughout the fiscal year. These seasonal variations may lead to short-term fluctuations in cash flow at certain times during the fiscal year.

Environmental Protection

Postmedia's operations are subject to a variety of laws and regulations concerning, among other things, emissions to the air, water and land, sewer discharges, handling, storage and disposal of, or exposure to, hazardous substances and wastes, recycling, remediation of contaminated sites or otherwise relating to protection of the environment and employee health and safety. The Corporation uses and stores hazardous substances such as inks and solvents in connection with its operations at its printing facilities. Such hazardous substances have in the past been stored in underground storage tanks at some of the Corporation's properties. Some of its printing and other facilities are located in areas with a history of long-term industrial use, and may be impacted by past activities onsite or by contamination emanating from nearby industrial sites. In the past, a Postmedia predecessor has had contamination resulting from leaks and spills at some of its locations. Postmedia has incurred and will continue to incur costs to comply with environmental, health and safety requirements but, to date, such costs have not been material.

Employees

As of August 31, 2020, the Corporation employed 2,063 full time equivalent employees. Approximately 30% of the Corporation's employees are unionized under 47 separate collective agreements as of August 31, 2020. In general, the Corporation's collective bargaining agreements cover operations at individual locations, rather than multiple locations. Additional information on the collective bargaining agreements is provided in the MD&A which is available on SEDAR at www.sedar.com.

Regulation

The publication of newspapers in Canada is not directly regulated by federal or provincial laws. There are, however, indirect restrictions on the foreign ownership of Canadian newspapers by virtue of certain provisions of the Tax Act. The Tax Act limits the deductibility by Canadian taxpayers of expenditures for advertisements in issues of newspapers other than, except in limited circumstances, "*Canadian issues*" of "*Canadian newspapers*".

In order to qualify as a “*Canadian issue*”, the issue generally must have its type set in Canada, be edited in Canada by individuals resident in Canada for purposes of the Tax Act and be printed and published in Canada. Issues of Postmedia’s newspapers currently meet these criteria.

The test of whether a newspaper is a “*Canadian newspaper*” depends on the jurisdiction, governance, factual control and share ownership of the corporation which directly publishes the newspaper. Postmedia publishes its newspapers directly. In order to satisfy the requirements of a “*Canadian newspaper*” (subject to a statutory 12 month grace period), Postmedia must satisfy the following: (i) the corporation must be incorporated under the laws of Canada or a province thereof, (ii) the chairperson or other presiding officer and at least 75% of the directors or other similar officers of the corporation must be Canadian citizens, and (iii) the corporation must not be controlled, in fact, directly or indirectly, by citizens or subjects of a country other than Canada.

In addition, under the share ownership requirements set out in subsection (iii) of the preceding paragraph, at least 75% of the voting shares of a non-public corporation and shares having a fair market value in total of at least 75% of the fair market value of all issued shares of a non-public corporation, must be beneficially owned by either (i) Canadian citizens or (ii) one or more corporations incorporated in Canada each of which is a public corporation a class or classes of shares of which are listed on a designated stock exchange in Canada (which includes the TSX) other than a public corporation controlled by citizens or subjects of a country other than Canada (“**Qualifying Public Corporation**”). Upon the listing of Postmedia Network Canada Corp.’s shares on the TSX, it became a Qualifying Public Corporation. As Postmedia Network Inc. is a direct, wholly-owned subsidiary of Postmedia Network Canada Corp., Postmedia’s newspapers qualify as “*Canadian newspapers*”.

Issues of Postmedia’s newspapers therefore qualify as “*Canadian issues*” of “*Canadian newspapers*” (or otherwise fall outside of the limitation on deductibility of advertising expenses) and as a result advertisers currently have the right to deduct their advertising expenditures for Canadian tax purposes.

RISK FACTORS

The Corporation is subject to a number of risks and uncertainties which are described in detail in its MD&A under the section entitled “*Risk Factors*” which section is incorporated by reference in this Annual Information Form. The risks and uncertainties described in the MD&A are those the Corporation currently believes to be material, but should not be considered exhaustive. If any of the risks, or any other risks and uncertainties that have not yet been identified or that are currently considered not to be material, actually occur or become material risks, the Corporation’s business, financial condition, results of operations and cash flows and consequently, the price of the Corporation’s securities, could be materially and adversely affected. The Corporation’s MD&A is available on SEDAR at www.sedar.com.

DIVIDENDS

The Corporation has not paid dividends and its current intention is not to declare dividends for the foreseeable future. Any future determination to pay cash dividends is at the discretion of the Board and will depend on Postmedia’s financial condition, results of operations, capital requirements and such other factors as the Board deems relevant. Pursuant to the CBCA, the Corporation may not declare or pay a dividend if there are reasonable grounds for believing that: (i) the Corporation is, or would after the payment be, unable to pay its liabilities as they become due; or (ii) the realizable value of its assets would thereby be less than the aggregate of its liabilities and stated capital of all classes. There are also certain restrictions in the agreements relating to the New First-Lien Notes and the Second-Lien Notes which limit the ability of the Corporation to pay dividends.

DESCRIPTION OF CAPITAL STRUCTURE

General

The Corporation's authorized capital consists of two classes: Voting Shares and Variable Voting Shares. The Corporation is authorized to issue an unlimited number of Voting Shares and Variable Voting Shares. As of August 31, 2020, there were 54,022 Voting Shares and 93,686,277 Variable Voting Shares issued and outstanding. A summary of the rights attaching to the Voting Shares and Variable Voting Shares are set forth below.

Rights upon Liquidation, Dissolution or Winding-Up

Subject to the rights, privileges, restrictions and conditions attaching to any future shares of the Corporation ranking senior to the Voting Shares, upon liquidation, dissolution or winding up of the Corporation or other distribution of the Corporation's assets among its Shareholders for the purpose of winding up its affairs, the holders of the Voting Shares and Variable Voting Shares shall be entitled to share equally, share for share, in all distributions of such assets.

Voting Shares

Voting Rights

Holders of the Voting Shares shall be entitled to receive notice of, and to attend and vote at, all meetings of the Shareholders of the Corporation (except where the holders of a specified class are entitled to vote separately as a class as provided in the CBCA), and each Voting Share shall entitle the holder to one vote on each item of business in person or by proxy at all meetings of Shareholders of the Corporation.

Dividends

Subject to the rights, privileges, restrictions and conditions attaching to the shares of the Corporation of any future class ranking senior to the Voting Shares, the holders of the Voting Shares shall, at the discretion of the directors, be entitled to receive, out of monies, assets or property of the Corporation properly applicable to the payment of dividends, any dividends declared and payable by the Corporation on the Voting Shares. The Voting Shares shall rank equally as to dividends on a share-for-share basis with the Variable Voting Shares and all dividends declared in any fiscal year of the Corporation shall be declared in equal or equivalent amounts per share on all Voting Shares and Variable Voting Shares at the time outstanding, without preference or distinction.

Subdivision or Consolidation

No subdivision or consolidation of the Voting Shares or the Variable Voting Shares shall occur unless, simultaneously, the shares of the other class are subdivided or consolidated in the same manner, so as to maintain and preserve the relative rights of the holders of the shares of each of the said classes.

Conversion

An issued and outstanding Voting Share shall be converted into one Variable Voting Share, automatically and without any further act of the Corporation or the holder, if such Voting Share becomes held or beneficially owned or controlled, directly or indirectly, otherwise than by way of security only, by one or more persons who are citizens or subjects of a country other than Canada or one or more persons who are controlled by one or more citizens or subjects of a country other than Canada (collectively, "Non-Canadians"). In addition to such automatic conversion feature, a holder of Voting Shares shall have the option at any time to convert some or all of such shares into Variable Voting Shares on a one-for-one basis and to convert those shares back to Voting Shares on a one-for-one basis.

Constraints on Ownership of Shares

The Voting Shares may only be beneficially owned and controlled, directly or indirectly, by persons that are not Non-Canadian.

Variable Voting Shares

General

The Variable Voting Shares have identical terms as the Voting Shares and rank equally with respect to voting, dividends and rights upon liquidation, distribution and winding up, except that Variable Voting Shares shall not carry one vote per Variable Voting Share if:

- (a) the number of issued and outstanding Variable Voting Shares exceeds 49.9% of the total number of all issued and outstanding Shares; or
- (b) the total number of votes that may be cast by or on behalf of holders of Variable Voting Shares present at any meeting of holders of Shares exceeds 49.9% of the total number of votes that may be cast by all holders of Shares present and entitled to vote at such meeting.

If either of the above-noted thresholds is surpassed at any time, the vote attached to each Variable Voting Share will decrease automatically and without further act or formality, to equal the maximum permitted vote per Variable Voting Share as indicated below. Under the circumstance described in subparagraph (a) above, the Variable Voting Shares as a class cannot carry more than 49.9% of the aggregate votes. Under the circumstance described in subparagraph (b) above, the Variable Voting Shares as a class cannot, for the applicable Shareholders' meeting, carry more than 49.9% of the total number of votes that can be cast at the meeting.

Conversion

An issued and outstanding Variable Voting Share shall be converted into one Voting Share, automatically and without any further act of Postmedia or the holder if: (a) such Variable Voting Share is not, or ceases to be, beneficially owned or controlled, directly or indirectly, otherwise than by way of security only, by one or more Non-Canadians, unless such Variable Voting Share resulted from the exercise of a voluntary election to convert a Voting Share into a Variable Voting Share; or (b) (i) the foreign ownership restrictions of the Tax Act are repealed and not replaced with other similar restrictions in the Tax Act or other applicable legislation; and (ii) there is no Canadian federal or provincial law applicable to Postmedia prescribed for the purposes of subsection 46(1) or paragraph 174(1)(c) of the CBCA or any other similar provision in the CBCA or the CBCA Regulations.

Coattail Provision

In the event that an offer is made to purchase Voting Shares or Variable Voting Shares and the offer is one which must, pursuant to applicable securities legislation or the rules of a stock exchange on which the Shares are then listed, be made to all or substantially all of the holders of the Shares of such class, and a concurrent offer at an equal price and with identical terms (subject to certain exceptions) is not made to purchase the Shares of such other class, each Variable Voting Share or Voting Share, as the case may be, shall become convertible at the option of the holder into one Share of the other class that shall be subject to the offer at any time while the offer is in effect. The conversion right may only be exercised in respect of Shares for the purpose of depositing the resulting Shares in response to the offer and a Canadian trustee designated by Postmedia shall deposit the resulting Shares on behalf of the participating Shareholder.

If the Shares resulting from the conversion and deposited pursuant to the offer are withdrawn from the offer or are not taken up by the offeror or if the offer is abandoned or withdrawn, the Shares resulting from the conversion shall be reconverted back into the original class automatically and without further act from the Corporation or the holder.

Declaration as to Canadian Status

Under the Corporation's Articles of Incorporation, the directors may, prior to the issuance of any Shares or the registration or transfer of any Shares, require that there be submitted to the Corporation and/or its transfer agent, a declaration setting forth the name of the person who beneficially will own or control such Shares and whether or not such person is a Non-Canadian, as well as such other information as the Board considers relevant for purposes of determining whether that person is in compliance with the restrictions on issue or transfer of the Shares.

In order to ensure it complies with its share ownership restrictions, Postmedia has in place special operating procedures for monitoring share ownership that are designed to ensure that the share register of each of the Voting Shares and Variable Voting Shares remains accurate. These procedures establish that Computershare Investor Services Inc., the Corporation's transfer agent, will make periodic inquiries of intermediaries holding Voting Shares for non-registered holders to ensure compliance with shareholding ownership requirements.

SHAREHOLDER RIGHTS PLAN

The Postmedia Rights Plan was amended and restated as of January 11, 2018 and will remain in force until the earlier of the Termination Time (the time at which the right to exercise rights will terminate pursuant to the Postmedia Rights Plan) or the annual general meeting of Shareholders of Postmedia held in 2023 unless at or prior to such meeting the Shareholders reconfirm the continued existence of the Postmedia Rights Plan. Shareholders approved such reconfirmation of the Postmedia Rights Plan at the annual general meeting of Shareholders of Postmedia held in 2020.

The following is a summary of the key features of the Postmedia Rights Plan. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Postmedia Rights Plan, the full text of which is available on SEDAR at www.sedar.com. Capitalized terms used in this section not otherwise defined herein have the meaning attributed to them in the Postmedia Rights Plan.

Issuance of Rights

One Right has been issued by Postmedia in respect of each Voting Share and Variable Voting Share outstanding at the Effective Time and will continue to be issued in respect of each Voting Share and Variable Voting Share issued thereafter and prior to the earlier of the Separation Time (as defined below) and the Expiration Time. Under the Postmedia Rights Plan, the Rights are confirmed and Postmedia confirms its authorization to continue the issuance of new Rights for each Voting Share and Variable Voting Share issued. Each Right entitles the registered holder thereof to purchase from Postmedia one Voting Share or Variable Voting Share, as the case may be. The Exercise Price under the Postmedia Rights Plan is an amount equal to three times the market price, from time to time, per Voting Share or Variable Voting Share, as the case may be. The Rights are not exercisable until the Separation Time. If a Flip-In Event (as defined below) occurs, each Right will entitle the registered holder to receive, upon payment of the Exercise Price, the number of Voting Shares or Variable Voting Shares, as applicable, having an aggregate Market Price on the date of consummation or occurrence of such Flip-In Event equal to 100 times the relevant Exercise Price for an amount in cash equal to the relevant Exercise Price.

Under the Postmedia Rights Plan, Postmedia is not required to issue or deliver Rights, or securities issuable upon the exercise of Rights, outside of Canada, where such issuance or delivery would be unlawful without registration of the relevant Persons or securities. If the Postmedia Rights Plan would require compliance with securities laws or comparable legislation of a jurisdiction outside of Canada, Postmedia may establish procedures for the issuance to a Canadian resident fiduciary of such securities, to hold such Rights or other securities in trust for the Persons beneficially entitled to them, to sell such securities, and to remit the proceeds to such Persons.

Trading of Rights

Until the Separation Time (or the earlier termination or expiration of the Rights), the Rights will be evidenced by the certificates representing Voting Shares or Variable Voting Shares, as the case may be, and will be transferable only together with such associated shares. From and after the Separation Time and prior to the Expiration Time, separate certificates evidencing the Rights ("**Rights Certificates**"), together with a disclosure statement prepared by Postmedia describing the Rights, will be mailed to holders of record of Voting Shares and Variable Voting Shares (other than an Acquiring Person) as of the Separation Time. Rights Certificates will also be issued in respect of Voting Share and Variable Voting Share issued prior to the Expiration Time, to each holder (other than an Acquiring Person) converting, after the Separation Time, securities ("**Convertible Securities**") convertible into or exchangeable for Voting Shares or Variable Voting Shares. The Rights will trade separately from the Voting Shares and Variable Voting Shares, as the case may be, after the Separation Time.

Separation Time

The Separation Time is the close of business on the tenth Business Day after the earlier of (i) the Share Acquisition Date, which is generally the first date of public announcement of facts indicating that a Person has become an Acquiring Person; and (ii) the date of the commencement of, or first public announcement of the intent of any Person (other than Postmedia or any Subsidiary of Postmedia) to commence a Take-over Bid (other than a Permitted Bid or a Competing Permitted Bid, so long as such bid continues to satisfy the requirements of a Permitted Bid or Competing Permitted Bid). In either case, the Separation Time can be such later date as may be determined by the Board acting in good faith. If a Take-over Bid expires, is cancelled, terminated or otherwise withdrawn prior to the Separation Time, it will be deemed never to have been made.

Acquiring Person

In general, an “*Acquiring Person*” is a Person who is the Beneficial Owner of 20% or more of the outstanding Voting Shares or Variable Voting Shares. Excluded from the definition of “*Acquiring Person*” are Postmedia and its Subsidiaries, and any Person who becomes the Beneficial Owner of 20% or more of the outstanding Voting Shares or Variable Voting Shares as a result of one or more or any combination of an acquisition or redemption by Postmedia of Shares, a Permitted Bid Acquisition, an Exempt Acquisition, a Convertible Security Acquisition and a *Pro Rata* Acquisition.

The definitions of “*Permitted Bid Acquisition*”, “*Exempt Acquisition*”, “*Convertible Security Acquisition*” and “*Pro Rata Acquisition*” are set out in the Postmedia Rights Plan. However, in general:

- (a) a “*Permitted Bid Acquisition*” means an acquisition of Voting Shares or Variable Voting Shares made pursuant to a Permitted Bid or a Competing Permitted Bid;
- (b) a “*Share Reduction*” means an acquisition or redemption by Postmedia or a Subsidiary of Postmedia of Voting Shares or Variable Voting Shares or the automatic or optional conversion of Variable Voting Shares into Voting Shares or vice versa (other than, for greater certainty, the automatic or optional conversion of shares Beneficially Owned by such Person) pursuant to the Corporation’s Constatting Documents and the share provisions contained therein that, by reducing the number of Voting Shares or Variable Voting Shares outstanding, increases the percentage of outstanding Voting Shares or Variable Voting Shares Beneficially Owned by such Person to 20% or more of the Voting Shares or Variable Voting Shares, as the case may be, then outstanding;
- (c) an “*Exempt Acquisition*” means a Voting Share or Variable Voting Share acquisition: (A) in respect of which the Board has waived the application of the Postmedia Rights Plan pursuant to certain provisions of the Postmedia Rights Plan; (B) pursuant to a dividend reinvestment plan of Postmedia; (C) pursuant to the receipt or exercise of rights issued by Postmedia to all holders of Voting Shares or Variable Voting Shares (other than holders resident in a jurisdiction where such dividend is restricted or impracticable as a result of applicable law) to subscribe for or purchase Voting Shares, Variable Voting Shares or Convertible Securities, provided that such rights are acquired directly from Postmedia and not from any other person and provided that the Person does not thereby acquire a greater percentage of Voting Shares, Variable Voting Shares or Convertible Securities so offered than the Person’s percentage of Voting Shares, Variable Voting Shares or Convertible Securities beneficially owned immediately prior to such acquisition; (D) pursuant to a distribution by Postmedia of Voting Shares, Variable Voting Shares or Convertible Securities by way of prospectus or private placement by Postmedia, provided that the Person does not thereby acquire (or is deemed to Beneficially Own) a greater percentage of Voting Shares or Variable Voting Shares so offered than the Person’s percentage of Voting Shares or Variable Voting Shares Beneficially Owned immediately prior to such acquisition; or (E) pursuant to the exercise of awards granted under a deferred share unit plan of Postmedia, options granted under a share option plan of Postmedia or rights to purchase securities granted under a share purchase plan of Postmedia;

- (d) a “*Pro Rata Acquisition*” means an acquisition of Voting Shares, Variable Voting Shares or Convertible Securities: (i) as a result of a stock dividend, a stock split or other event pursuant to which such Person receives or acquires Voting Shares, Variable Voting Shares or Convertible Securities on the same pro rata basis as all other holders of securities of the same class or series of Postmedia; (ii) pursuant to a regular dividend reinvestment or other plan of Postmedia made available by Postmedia to all holders of Voting Shares and Variable Voting Shares (other than holders resident in any jurisdiction where participation in any such plan is restricted or impractical as a result of applicable law), where such plan permits the holder to direct that the dividends paid in respect of such Voting Shares and Variable Voting Shares be applied to the purchase from Postmedia of Voting Shares, Variable Voting Shares or Convertible Securities; or (iii) pursuant to the receipt and/or exercise of rights (other than the Postmedia Rights) issued by Postmedia to all of the holders of a series or class of Voting Shares and Variable Voting Shares (other than holders resident in any jurisdiction where participation in any such plan is restricted or impractical as a result of applicable law) on a pro rata basis to subscribe for or purchase Voting Shares, Variable Voting Shares or Convertible Securities, provided, however, that such Person does not thereby acquire a greater percentage of Voting Shares or Variable Voting Shares, as applicable, than the percentage of Voting Shares or Variable Voting Shares Beneficially Owned by that Person immediately prior to such acquisition;
- (e) a “*Convertible Security Acquisition*” means an acquisition of Voting Shares or Variable Voting Shares upon the exercise, conversion or exchange of Convertible Securities received by such Person pursuant to a Permitted Bid Acquisition, Exempt Acquisition or a Pro Rata Acquisition; and
- (f) a “*Grandfathered Person*” means a Person who is (x) the Beneficial Owner of 20% or more of the outstanding Voting Shares or Variable Voting Shares determined as at the Record Time, or (y) Chatham and any purchaser of the Voting Shares or Variable Voting Shares held by Chatham, provided that such purchaser is a Non-Canadian who, at the time of such purchase, holds either no Voting Shares or Variable Voting Shares or a de minimis number of Voting Shares or Variable Voting Shares and, as a result of such purchase, would otherwise have been an “Acquiring Person” for purposes of this Agreement, provided, however, that this exception shall not be, and shall cease to be, applicable to a Grandfathered Person in the event that such Grandfathered Person shall, after the Record Time (in the case of (x) above), or after the Effective Date (in the case of Chatham) or the applicable time of purchase (in the case of a purchaser in (y) above), become the Beneficial Owner of any additional Voting Shares or Variable Voting Shares, other than through one or any combination of a Permitted Bid Acquisition, an Exempt Acquisition, a Share Reduction, a Pro Rata Acquisition or a Convertible Security Acquisition: provided, however, that for greater certainty and notwithstanding anything else contained herein, Canso shall be an “Acquiring Person” upon the conversion by Canso of any of the Variable Voting Shares beneficially owned by Canso or over which Canso exercises control or direction over into Voting Shares, which, together with any Voting Shares beneficially owned by Canso or over which Canso exercise control or direction, represent in the aggregate 20% or more of the outstanding Voting Shares on a post-conversion basis (excluding all Variable Voting Shares not being converted and other securities convertible into, exercisable into or exchangeable for Voting Shares).

Also excluded from the definition of “*Acquiring Person*” is an underwriter or member of a banking or selling group that becomes the Beneficial Owner of 20% or more of Voting Shares or Variable Voting Shares in connection with a distribution of securities by way of prospectus or private placement.

Beneficial Ownership

In general, a Person is deemed to Beneficially Own Voting Shares or Variable Voting Shares actually held by others in circumstances where those holdings are or should be grouped together for purposes of the Postmedia Rights Plan. Included are holdings by the Person's Affiliates (generally, a person that controls, is controlled by, or is under common control with another person) and Associates (generally, relatives sharing the same residence). Also included are securities which the Person or any of the Person's Affiliates or Associates has the right to acquire within 60 days (other than (i) customary agreements with and between underwriters and/or banking group and/or selling group members with respect to a public offering or private placement of securities; or (ii) pursuant to a pledge of securities in the ordinary course of the pledgee's business), including Voting Shares into which Variable Voting Shares held by a citizen or subject of Canada are convertible pursuant to the Corporation's Constatting Documents and the share provisions contained therein; provided, however, that a Non-Canadian who holds Variable Voting Shares will not be deemed to be the "Beneficial Owner" of, have "Beneficial Ownership" of or "Beneficially Own" any Voting Shares into which the Variable Voting Shares owned by such Person are convertible.

A Person is also deemed to "Beneficially Own" any securities that are Beneficially Owned (as described in "Beneficial Ownership") by any other Person with which the Person is acting jointly or in concert (a "Joint Actor"). A Person is a Joint Actor with any Person who is a party to any agreement, arrangement or understanding with the first Person or an Associate or Affiliate thereof for the purpose of acquiring or offering to acquire Shares.

Institutional Shareholder Exemptions from Beneficial Ownership

The definition of "Beneficial Ownership" contains several exclusions whereby a Person is not considered to "Beneficially Own" a security. There are exemptions from the deemed "Beneficial Ownership" provisions for institutional investors acting in the ordinary course of business. These exemptions apply to: (i) an investment manager ("**Investment Manager**") which holds securities in the ordinary course of business in the performance of its duties for the account of any other Person (a "**Client**"), including the acquisition or holding of securities for non-discretionary accounts held on behalf of a Client by a broker or dealer registered under applicable securities law, provided, however, that for greater certainty, Investment Manager does not include a hedge fund, a private equity fund or similar fund or entity or any Person who manages any of the foregoing; (ii) a licensed trust company ("**Trust Company**") acting as trustee or administrator or in a similar capacity in relation to the estates of deceased or incompetent persons (each an "**Estate Account**") or in relation to other accounts (each an "**Other Account**") and which holds such security in the ordinary course of its duties for such accounts; (iii) the administrator or the trustee (a "**Plan Trustee**") of one or more pension funds or plans (a "**Pension Plan**") registered under applicable law; (iv) a Person who is a Pension Plan or is a Person established by statute (the "**Statutory Body**"), and its ordinary business or activity includes the management of investment funds for employee benefit plans, pension plans, insurance plans or various public bodies; or (v) a Crown agent or agency. The foregoing exemptions only apply so long as the Investment Manager, the Trust Company, the Plan Trustee, the Pension Plan, the Statutory Body or the Crown agent or agency is not then making or has not then announced an intention to make a Take-over Bid alone or acting jointly or in concert with any other Person, other than an Offer to Acquire Voting Shares or Variable Voting Shares or other securities pursuant to a distribution by Postmedia or by means of ordinary market transactions.

A Person will not be deemed to "Beneficially Own" a security because (i) the Person is a Client of the same Investment Manager, an Estate Account or an Other Account of the same Trust Company, or Pension Plan with the same Plan Trustee as another Person or Pension Plan on whose account the Investment Manager, Trust Company or Plan Trustee, as the case may be, holds such security; or (ii) the Person is a Client of an Investment Manager, Estate Account, Other Account or Pension Plan, and the security is owned at law or in equity by the Investment Manager, Trust Company or Plan Trustee, as the case may be.

Flip-In Event

A Flip-In Event occurs when any Person becomes an Acquiring Person. In the event that, prior to the Expiration Time, a Flip-In Event which has not been waived by the Board (whether before or after the occurrence of such Flip-In Event) occurs (see “*Waiver of Flip-In Events*” below), each Right (except for Rights Beneficially Owned or which may thereafter be Beneficially Owned by an Acquiring Person or a transferee of such a Person, which Rights will become null and void) will constitute the right to purchase from Postmedia, upon exercise thereof in accordance with the terms of the Postmedia Rights Plan, that number of Voting Shares or Variable Voting Shares, as applicable, having an aggregate Market Price on the date of the Flip-In Event equal to ten times the Exercise Price, for the Exercise Price (such Right being subject to anti-dilution adjustments).

Permitted Bid and Competing Permitted Bid

A Permitted Bid is a Take-over Bid made by way of a Take-over Bid circular and which complies with the following additional provisions:

- (a) the Take-over Bid is made for all of the Voting Shares and Variable Voting Shares and is made to all holders of record of Voting Shares and Variable Voting Shares, other than the Offeror, its Affiliates, Associates and Joint Actors;
- (b) the Take-over Bid contains irrevocable and unqualified conditions that:
 - A. no security will be taken up or paid for pursuant to the Take-over Bid prior to the close of business on a date which is not less than 60 days following the date of the Take-over Bid and the provisions for the take-up and payment for Voting Shares and Variable Voting Shares tendered or deposited thereunder will be subject to such irrevocable and unqualified condition;
 - B. unless the Take-over Bid is withdrawn, securities may be deposited pursuant to the Take-over Bid at any time prior to the close of business on the date of first take-up or payment for securities and securities deposited pursuant to the Take-over Bid may be withdrawn at any time prior to the close of business on such date;
 - C. not less than 50% of each of the outstanding Voting Shares and Variable Voting Shares held by Independent Shareholders must be deposited to the Take-over Bid and not withdrawn at the close of business on the date of first take-up or payment for securities; and
 - D. in the event that not less than 50% of all of the outstanding Voting Shares and Variable Voting Shares, on an aggregate basis, held by Independent Shareholders have been deposited to the Take-over Bid and not withdrawn as at the date of first take-up or payment for securities under the Take-over Bid, the Offeror will make a public announcement of that fact and the Take-over Bid will remain open for deposits and tenders of securities for not less than 10 Business Days from the date of such public announcement.

A Competing Permitted Bid is a Take-over Bid that is made after a Permitted Bid or another Competing Permitted Bid has been made but prior to its expiry, satisfies all the requirements of a Permitted Bid as described above, except that a Competing Permitted Bid is not required to remain open for 60 days so long as it is open until the later of (i) the earliest date on which securities may be taken-up or paid for under any earlier Permitted Bid or Competing Permitted Bid that is in existence; and (ii) 35 days (or such other minimum period of days as may be prescribed by applicable law in Ontario) after the date of the Take-over Bid constituting the Competing Permitted Bid.

Redemption and Termination of Rights

- (a) Redemption of Rights on Approval of Holders of Shares and Rights. The Board may, at any time prior to the occurrence of a Flip-In Event, elect to redeem all but not less than all of the outstanding Rights at a redemption price of \$0.000001 per Right, appropriately adjusted for anti-dilution as provided in the Postmedia Rights Plan (the “**Redemption Price**”).
- (b) Deemed Redemption. Where a Person acquires, pursuant to a Permitted Bid or a Competing Permitted Bid, outstanding Voting Shares or Convertible Securities, the Board shall be deemed to have elected to redeem the Rights at the Redemption Price
- (c) Redemption of Rights on Withdrawal or Termination of Bid. Where a Take-over Bid that is not a Permitted Bid or a Competing Permitted Bid expires, is terminated or is otherwise withdrawn after the Separation Time and prior to the occurrence of a Flip-In Event, the Board may elect to redeem all of the outstanding Rights at the Redemption Price. In such event, all the provisions of the Postmedia Rights Plan shall continue to apply as if the Separation Time had not occurred and Rights Certificates representing the number of Rights held by each holder of record of Voting Shares and Variable Voting Shares as of the Separation Time had not been mailed to each such holder and, for all purposes of the Postmedia Rights Plan, the Separation Time shall be deemed not to have occurred and Rights shall remain attached to the outstanding Voting Shares and Variable Voting Shares.

If the Board is deemed to have elected or elects to redeem the Rights as described above, the right to exercise the Rights will thereupon, without further action and without notice, terminate and the only right thereafter of the holders of Rights will be to receive the Redemption Price. Within 10 Business Days of any such election or deemed election to redeem the Rights, Postmedia will notify the holders of the Shares or, after the Separation Time, the holders of the Rights.

Waiver of Flip-In Events

The Board may waive the application of the events that occur under a Flip-In Event (see “*Shareholder Rights Plan – Flip-In Event*” above) to any Flip-In Event by written notice delivered to the Rights Agent and in the event of such waiver, the Flip-In Event shall be deemed never to have occurred and, if such waiver is provided after the Separation Time, all the provisions of Postmedia Rights Plan shall continue to apply as if the Separation Time had not occurred and Rights Certificates representing the number of Rights held by each holder of record of Voting Shares and Variable Voting Shares as of the Separation Time had not been mailed to each such holder, and the Separation Time shall be deemed not to have occurred and Rights shall remain attached to the outstanding Voting Shares and Variable Voting Shares.

Anti-Dilution Adjustments

The Exercise Price of a Right, the number and kind of securities subject to purchase upon exercise of a Right, and the number of Rights outstanding, will be adjusted in certain events, including, without limitation:

- (i) if there is: (A) a declaration of a dividend on its Voting Shares or Variable Voting Shares payable in Voting Shares or Variable Voting Shares (or Convertible Securities) other than pursuant to any mandatory or optional share dividend reinvestment program, (B) a subdivision or change of the then outstanding Voting Shares or Variable Voting Shares into a greater number of shares, (C) a combination or change of the then outstanding Voting Shares or Variable Voting Shares into a smaller number of shares, or (D) an issuance of Voting Shares or Variable Voting Shares (or Convertible Securities) in lieu of or in exchange for existing shares; or

- (ii) if Postmedia fixes a record date for a distribution to all holders of Voting Shares and Variable Voting Shares of certain rights or warrants to acquire Voting Shares or Variable Voting Shares or Convertible Securities, or for the making of a distribution to all holders of Voting Shares or Variable Voting Shares of evidences of indebtedness or assets (other than regular periodic cash dividends or a distribution payable in Voting Shares or Variable Voting Shares, but including any distribution payable in securities other than Voting Shares or Variable Voting Shares).

Supplements and Amendments

Postmedia may at any time, amend, supplement, vary or delete any of the provision of the Postmedia Rights Plan.

Any such amendment, supplement, variation or deletion shall be effective from the date of the resolution of the Board adopting such amendment, supplement, variation or deletion or such earlier or later date as the Board may otherwise determine. The implementation of any such amendment, supplement, variation or deletion will be subject to receipt of any necessary regulatory approval including that of any securities regulatory authority or stock exchange.

INDEBTEDNESS

New First-Lien Notes Indenture

On September 9, 2019, Postmedia Network Inc. redeemed the issued and outstanding First-Lien Notes, terminated the First-Lien Notes Indenture and issued the New First-Lien Notes to Canso pursuant to a subscription agreement entered into between Canso and Postmedia Network Inc. (the “**Subscription Agreement**”). Canso committed in its capacity as portfolio manager to purchase all of the New First-Lien Notes. The New First-Lien Notes were issued under an indenture dated as of September 9, 2019 with Computershare Trust Company of Canada, as trustee and as collateral agent and the Corporation, as guarantor (the “**New First-Lien Notes Indenture**”). The New First-Lien Notes are secured on a first-priority basis by the New First-Lien Notes Collateral, and on a second-priority basis by the ABL Collateral. The New First-Lien Notes Indenture contains covenants that, among other things, restrict the issuer’s ability to incur additional indebtedness, pay dividends or make other distributions or repurchase or redeem certain indebtedness or capital stock, make loans and investments, sell assets, incur certain liens, enter into certain transactions with affiliates, alter the businesses it conducts, enter into agreements restricting its subsidiaries’ ability to pay dividends and consolidate, merge or sell all or substantially all of its assets.

Second-Lien Notes Indenture

On October 5, 2016, Postmedia Network Inc. issued US\$88.6 million (\$115.5 million) in aggregate principal amount of Second-Lien Notes for net proceeds of US\$84.4 million (\$110.0 million). The Second-Lien Notes were issued under an indenture dated as of October 5, 2016 with Computershare Trust Company of Canada as trustee and as collateral agent and with the Corporation, as guarantor (the “**Second-Lien Notes Indenture**”). In connection with the Refinancing Transaction, the Second-Lien Notes Indenture was amended such that the maturity date was extended by six months to January 15, 2024 pursuant to the second supplemental indenture dated September 9, 2019 among the Corporation, Postmedia Network Inc. and Computershare Trust Company of Canada. The Second-Lien Notes are secured on a second-priority basis by the New First-Lien Notes Collateral and on a third-priority basis by the ABL Collateral. The covenants contained in the Second-Lien Notes Indenture are substantially similar to the covenants contained in the New First-Lien Notes Indenture described above.

ABL Facility

On January 18, 2017, the Corporation entered into a senior secured asset-based revolving credit facility for a term of two years with associated companies of Chatham for an aggregate availability of up to \$15.0 million, which was increased by \$10.0 million to \$25.0 million on October 19, 2017. On December 15, 2018, the Corporation and Chatham entered into an agreement to extend the term of the ABL Facility to January 18, 2021 for an aggregate availability of up to \$15.0 million, which may be increased by up to \$10.0 million at our request and with the consent of the lender. On August 10, 2020, the Corporation entered into an agreement effective October 1, 2020 to extend the term of the ABL Facility to October 1, 2022. The ABL Facility bears interest on amounts drawn at bankers acceptance rate plus 5.0% with a commitment fee of 0.5% on the amount of available borrowings. The ABL Facility is secured on a third-priority basis by the New First-Lien Notes Collateral and on a first-priority basis by the ABL Collateral.

Ratings

Moody's Corporation ("**Moody's**") rates debt instruments with ratings ranging from "Aaa", which represent the highest quality of securities, to "C", which represent securities that are usually in payment default. The Corporation engages Moody's to provide a credit rating for nominal fees. On September 10, 2019, the Corporation was assigned a corporate rating of "Caa1" with a negative outlook and a rating of "B2" for the First-Lien Notes. As a result of the COVID-19 pandemic, on April 10, 2020, Moody's downgraded the Corporation's corporate family rating to "Caa3" and the first-lien debt to "B3" while changing the ratings outlook to negative. Moody's issued a further update to its credit analysis on September 24, 2020 which did not result in a change to the Corporation's rating. The ratings provide investors with an independent view of credit quality. Those ratings established by Moody's are based on quantitative and qualitative considerations relevant to the Corporation. They are intended to indicate the degree of risk that the Corporation will not satisfy its obligations on a timely basis and disregards certain factors such as market risk or price risk. These ratings are not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.
